

 **CANADA'S**
FAVOURITE FAMILY RESORT

CANADA'S FAVOURITE FAMILY RESORT.

"At this very moment someone is laughing at Big White. Someone else is skating. Someone is partying. Ice climbing, horse-sleigh riding, tubing, parading, snowmobiling, cotton-candyng, big-bear hugging. Someone else is shopping, eating, drinking. Hot-tubbing, bon-firing, ice wine sipping. Others are getting their groove on. Oh right, did I mention skiing? Big White is a family ski vacation mecca. No matter what the age, Big White continues to find a way to get families' winter groove on." - Gordie Bowles

"We've been going to Big White for 5 years now and absolutely love it. Hands down, it's the best ski resort for families. The skiing is incredible with spectacular runs for beginners and expert skiers. And the customer service is so personal and top notch. It's a true gem and we can't imagine skiing anywhere else."

"Once you've experienced it, you'll never forget it. Kettle Valley has a continental feel to it and aside from its famous steaks; they have a seafood menu that rivals any restaurant perched on the edge of an ocean. You would think it would be hard to create a fine dining atmosphere with a floor made for ski boots, but that's exactly what you'll find here. The Kettle Valley Steakhouse buys local whenever possible and loves to surprise their clients with their high level of quality and service. It's the best place to bring the whole gang for a dining experience like no other."

TURNING PERFECT DAYS INTO PERFECT NIGHTS.

FRESH POWDER WAITS FOR NO-ONE

When the snow falls (and we guarantee it will) on a pow or bluebird day, Big White's vast and varied terrain is more than enough incentive to make everyday a ski day. Big White is a family ski wonderland with over 118 trails and annual snowfall of over 7.5m (25ft). Even on our busiest day, there is room on the slopes to spread out and explore.

YOUR WINTER PLAYGROUND IS WAITING.

Growing up is overrated. We invite you to leave everyday life behind and embrace a youthful spirit. Skate under the stars and enjoy hot chocolate by the bonfire. Climb the Ice Tower or take a magical sleigh ride through the forest. Our adventure activities guarantee fun no matter what your age, so come out and play!

"The irony is that even though skiing and learning to ski is the resort's speciality, the après and activity offerings are vast. Its brilliant blend of activities leave nothing to chance. Bad weather, no problem, flip open that fat resort activity rolodex. Kid meltdown? No worries, a gazillion turn-that-frown-upside-down things to do. The activities at Big White appeal to most ages including the of-neglected parents. Big White is the real deal with the snow and smiles to prove it."
